Hello Team,

I hope you had a good spring break. I will check tomorrow and add my inputs.

Hello everyone,

I was out of town unable to work on the project. I am back today, so I will begin working on the project.

I will start a Week B thread, and we can discuss it there.

Best,
Savi

Hello everyone.

We haven't done much for module 4 yet, so I have made the GitHub and the Google docs.

If I remember, it is due next Wednesday night
